MODIFIER TRICK CHEAT SHEET

In *Dave Mirra Freestyle BMX: Maximum Remix* you can actually create new tricks on the fly by mixing tricks together with other tricks. You can mix Big Air tricks with Modifier tricks, Big Air with Big Air and Modifier with Modifier. You can literally mix and match almost anything and make up completely new tricks. There are more than 1,300 unique tricks and tens of thousands of potential combos. The Modifier is so powerful, you can create almost anything, including tricks even the pros haven't dreamed of!

EXAMPLE 1 BIG AIR + MODIFIER

SUPERMAN via ◪ + ▣ **BUTTONS** followed up immediately with a **NO HANDER** ◔ + ◉ **BUTTONS** creates a **SUPERMAN NO HANDER**. Continue to hold the ◉ **BUTTON** and you will hold the trick in the air.

Tip: You can even do a **BACKFLIP NOTHING**, if you're quick enough. See **NOTHING** below.

EXAMPLE 2 MODIFIER + MODIFIER

A **NOTHING** (◩ ◔ + ◉ **BUTTONS**) is the combination of a **NO HANDER** (◔ + ◉ **BUTTONS**) and **NO FOOTER** (◩ + ◉ **BUTTONS**).

EXAMPLE 3 BIG AIR + BIG AIR

A **CANDYBAR BACKFLIP** (◩, ◓ + ▣ **BUTTONS**) is the combination of a **CANDYBAR** (◩ + ▣ **BUTTONS**) and **BACKFLIP** (◓ + ▣ **BUTTONS**).

Experimentation is the key. For the highest score, come up with new tricks, as repeating a trick earns fewer points. Even more tricks (Double Backflips, Frontflips, Double Tailwhips, etc.) can be done by double pressing ◀◀ **BUTTONS** or ▶▶ **BUTTONS** or ▲▲ **BUTTONS** or ▼▼ **BUTTONS** or ◤◤ **BUTTONS** or ◥◥ **BUTTONS** or ◣◣ **BUTTONS** or ◢◢ **BUTTONS** or left - right or right - left, using either ■ **BUTTON** or ● **BUTTON** + a direction.

PLEASE NOTE: You can actually pull off a trick next to a wall by doing a Fastplant, Walltap, or Wall Ride. Example: press the ✕ BUTTON + ◀ BUTTON to do a Fast Plant, kick off the wall into another trick, then land in a Manual.

GETTING STARTED

Once you choose a game mode, it's time to make your selections for that mode. In Session, Free Ride and 2-Player modes, you select from the available riders, bikes, styles and levels. More are unlocked as you progress through the Proquest portion of the game. In Proquest, you ride on the levels in the order presented, and you have to earn better bikes and styles. Press **LEFT** or **RIGHT DIRECTIONAL BUTTONS** to cycle through available selections. Press the ⊗ **BUTTON** to select. Once you make a selection, the highlight automatically moves to the next category. Press the △ **BUTTON** to cancel a selection and back up to a previous category.

RIDER SELECT

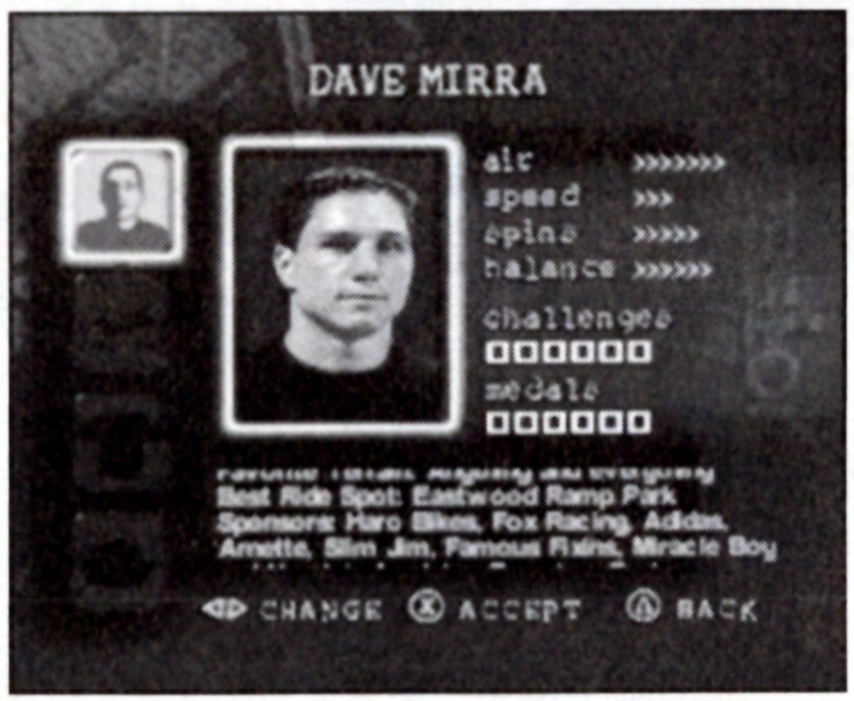
Select any of the top BMX riders to control. To the right of each rider portrait is his ranking in four vital BMX skill categories. The more arrows, the better.

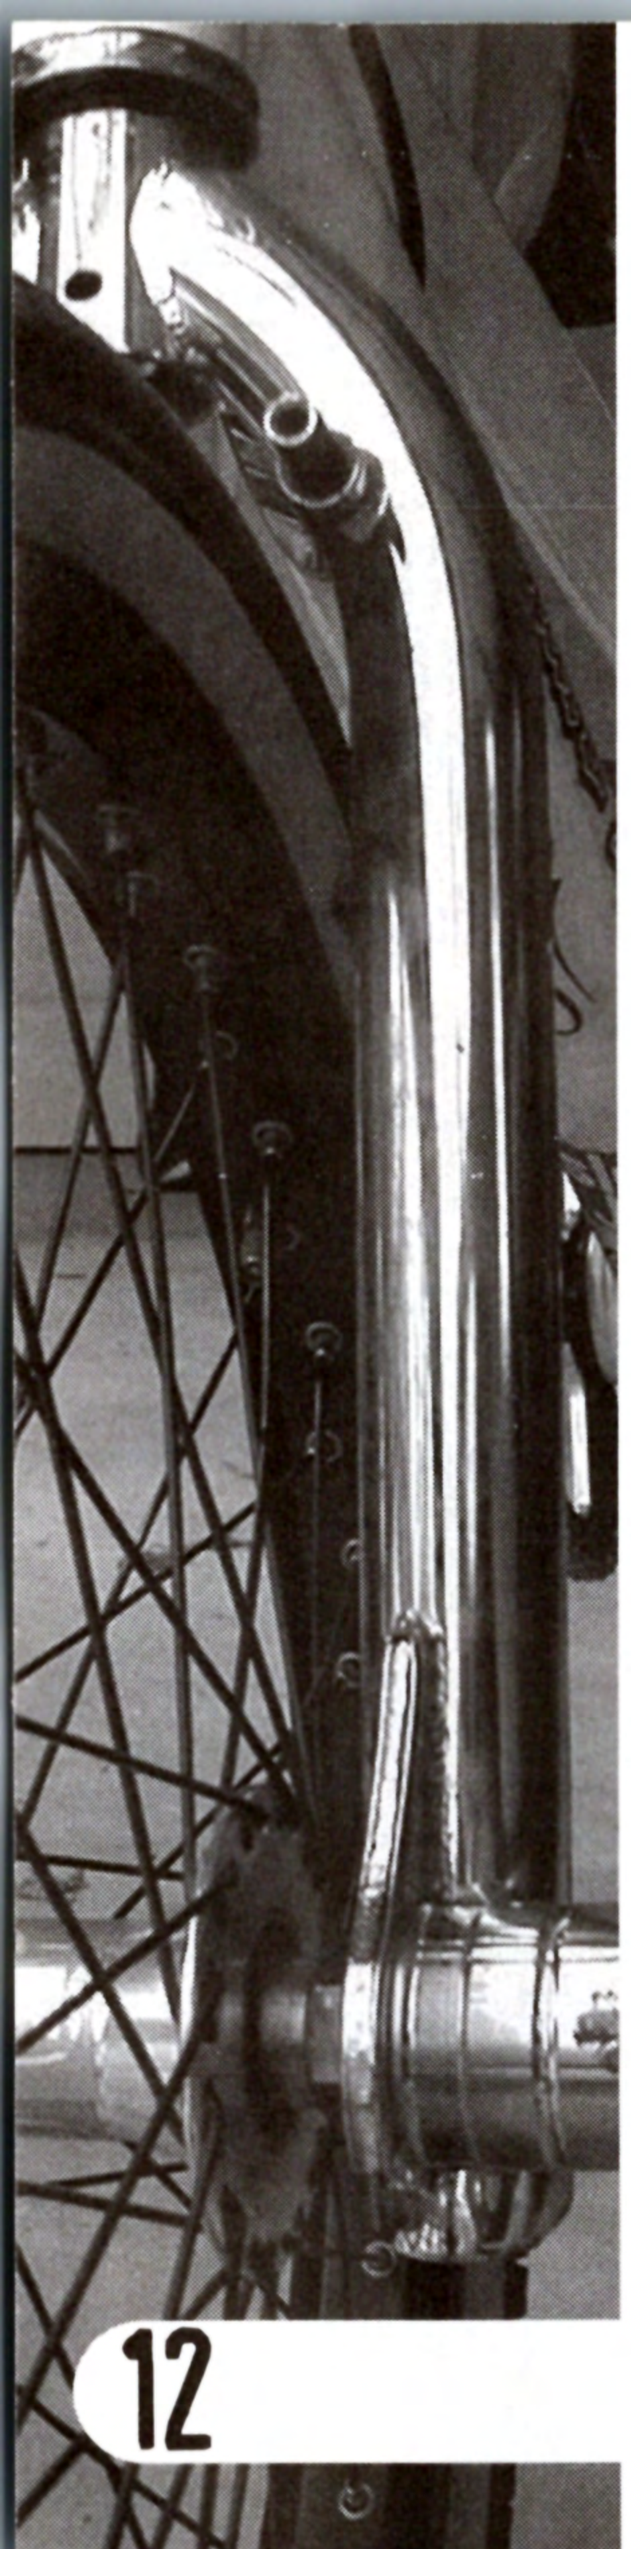
AIR: Determines jumping power and gravity-defying ability.

SPEED: Determines maximum top speed and acceleration (speed added per pedal).

SPINS: Determines base rotation speed, allowing for faster, more controllable spins and flips.

BALANCE: Determines ease of balance to hold grinds, stalls, manuals, and nose wheelies.





BIKE SELECT

Bikes are rated in four performance categories. The bikes add on to a rider's attributes (as seen by the different color), boosting his performance in each category.

AIR: Additional jumping power and gravity-defying ability.

SPEED: Additional speed and acceleration (speed added per pedal).

SPINS: Additional rotation speed, allowing for faster, more controllable spins.

BALANCE: Additional balance during grinds, stalls, manuals, and nose wheelies.

You begin with a default low-end bike. It's enough to get you started, but you'll want to earn the better bikes each rider prefers by completing as many level challenges as you can throughout the Proquest.

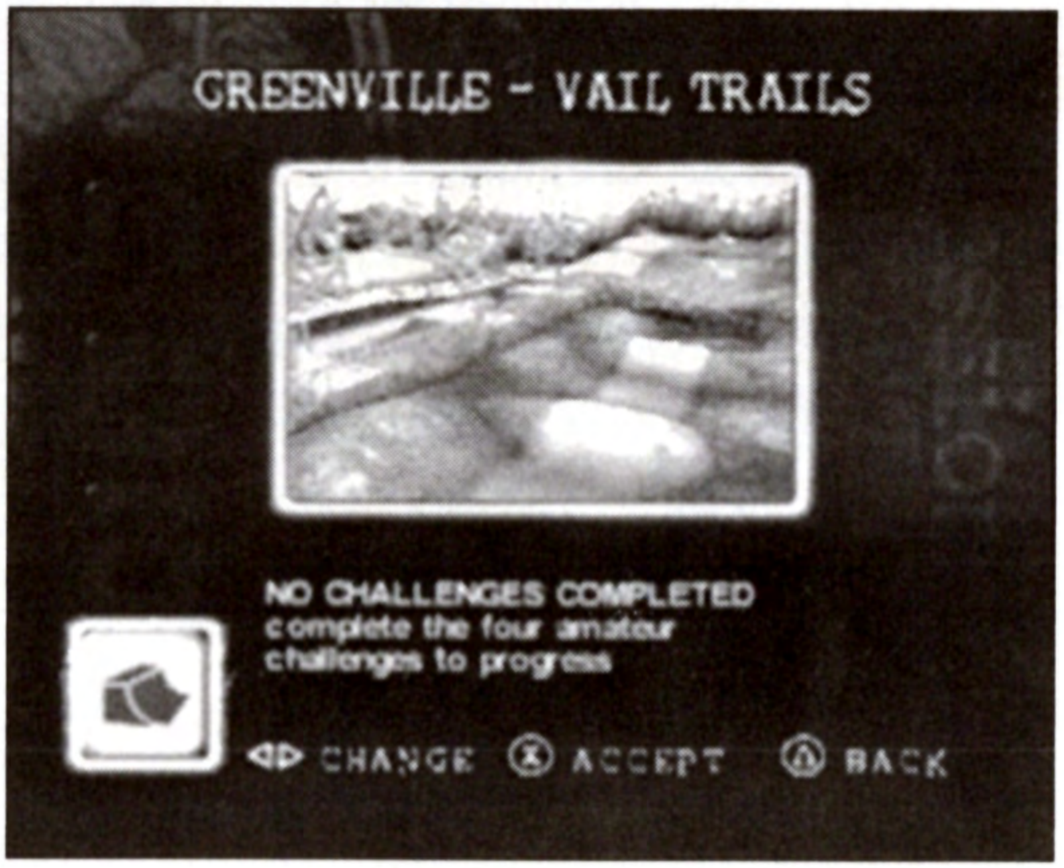
STYLE SELECT

Again, you start off pretty plain, but as you attract sponsors your wardrobe grows and you'll eventually be able to choose from five pre-set style configurations. Shoot for a stylish competition jersey by completing as many level challenges as you can throughout the Proquest to earn sponsors.

LEVEL SELECT

There are 19 default levels, including dirt, street and vert locales. Except for the first (Hometown), each area has three challenge-based levels and one competition level. On Challenge levels, you ride to meet the challenges and pull off the required tricks. At the earliest levels, you're riding to prove you have what it takes to make the Pro Tour and Acclaim Games. Unlock new bikes, outfits, and other goodies by completing the Amateur, Pro, and Hardcore challenges for each level. Once you earn a better bike, revisit previous levels to reach areas and earn scores you couldn't manage with your default bike. On Competition levels, you're subject to scoring by judges, and only your best will do.

LEVELS



HOMETOWN: There are three challenge-based levels in your Hometown area, where you learn the basics at the Carnival, Jiffy Market of Los Gatos and High School.

GREENVILLE: Move to Greenville, N.C., where you'll face the challenges in Vail Trails, Greenville Park, and Backyard Pools and tackle your first competition at the Freeway Off Ramp.

WOODWARD: Come to the famed Pennsylvania camp to hone your skills by meeting your challenges in the Woodward Trails, Lot 8 and Titantic levels, then prove your competition skills on the Woodward Remix level. Maybe you'll win a sponsor!

PRO TOUR: Now you're mixing with the big boys in your first taste of Pro action. Show your stuff by meeting the challenges in Sleepy's Ditch, Eastwood Ramp Park, and

the San Jose Ramp Club, then flaunt it in the City Square competition level.

ACCLAIM GAMES: This is the top of the BMX heap. Make you skills known at Westward Cliffs, Pier 10, and Shilo Dunes challenge levels before you bring it all together at the Ski Resort competition level.

LEVEL CHALLENGES

There are 15 challenge-based levels. You'll see on-screen prompts that tell you what you need to accomplish before the timer runs out. Don't worry if you don't meet all the challenges in one run. Once you get certain challenges under your belt, the game will remember them and and all you need to do is finish the rest of the challenges in your next run(s).

You begin each level as an Amateur. Once you've met the Amateur challenges on any particular level, you can go on to the Pro challenges on the same level (another run), or try to meet the Amateur challenges on a different track (level select). You must meet all a level's Amateur challenges to face the Pro challenges and all a level's Pro challenges to face the Hardcore challenges. Moving on to another level area (Greenville, Woodward, Pro Tour, Acclaim Games) happens once all the Amateur and Pro challenges are completed on all an area's three challenge levels. Complete Amateur, Pro, and Hardcore challenges to earn new bikes, gear, and sponsors. Remember that you can complete the game without finishing all the Hardcore challenges, but you'll be missing out on some of the best goodies.

GAME MODES

PROQUEST

Proquest is a career mode, for those who want to go for the whole enchilada. At the start of Proquest play you're a beginner, just starting out with a default bike, a helmet and more attitude than skill. You've got a lot to learn. Begin learning to ride in your Hometown. Next, you'll master the basics and beyond in Greenville, then move

up to some serious scrutiny at Woodward Camp. If you have what it takes, you'll attract sponsors and go on to the Pro Tour. Competition is fierce at this level, so expect to be challenged. If you manage to complete all four levels of the Pro Tour, you'll really be sweating when you enter the Acclaim Max Games. You can keep track of each rider's individual progression through Proquest at the rider selection screen. Each level is represented by boxes which will fill either Bronze, Silver, or Gold for the completion of the Amateur, Pro, or Hardcore challenges, respectively.

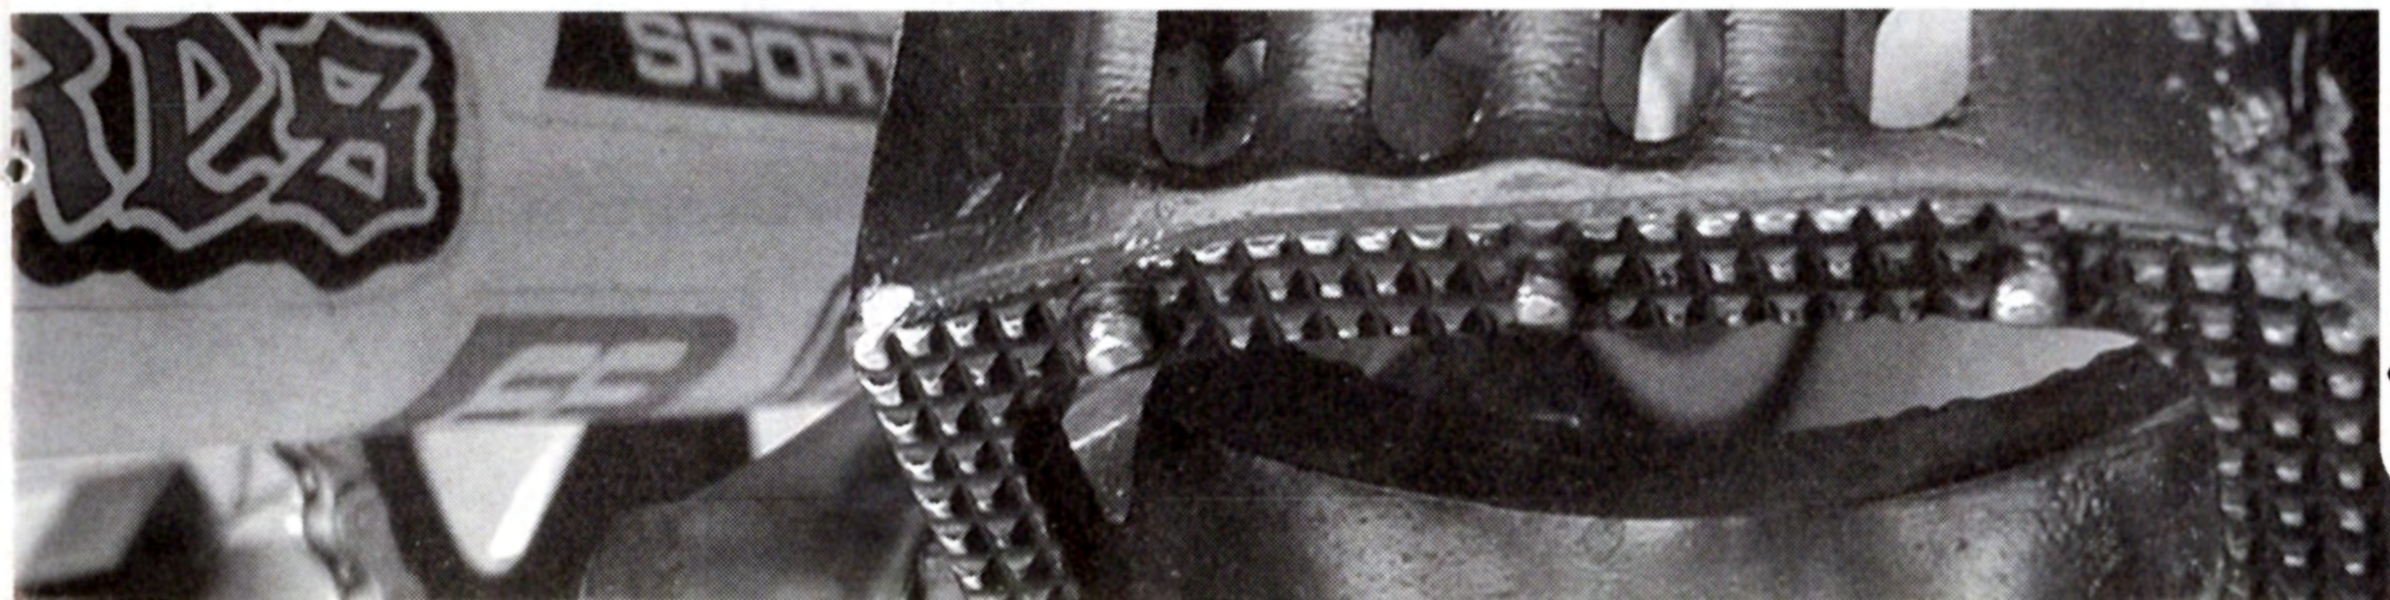
JUDGED SCORING: In the competition levels, you can earn points based on the difficulty and imagination of the tricks performed. The competition levels are judged pro events where discerning judges rate your performance based on established BMX criteria. The judges are tough, so only your very best will be good enough!

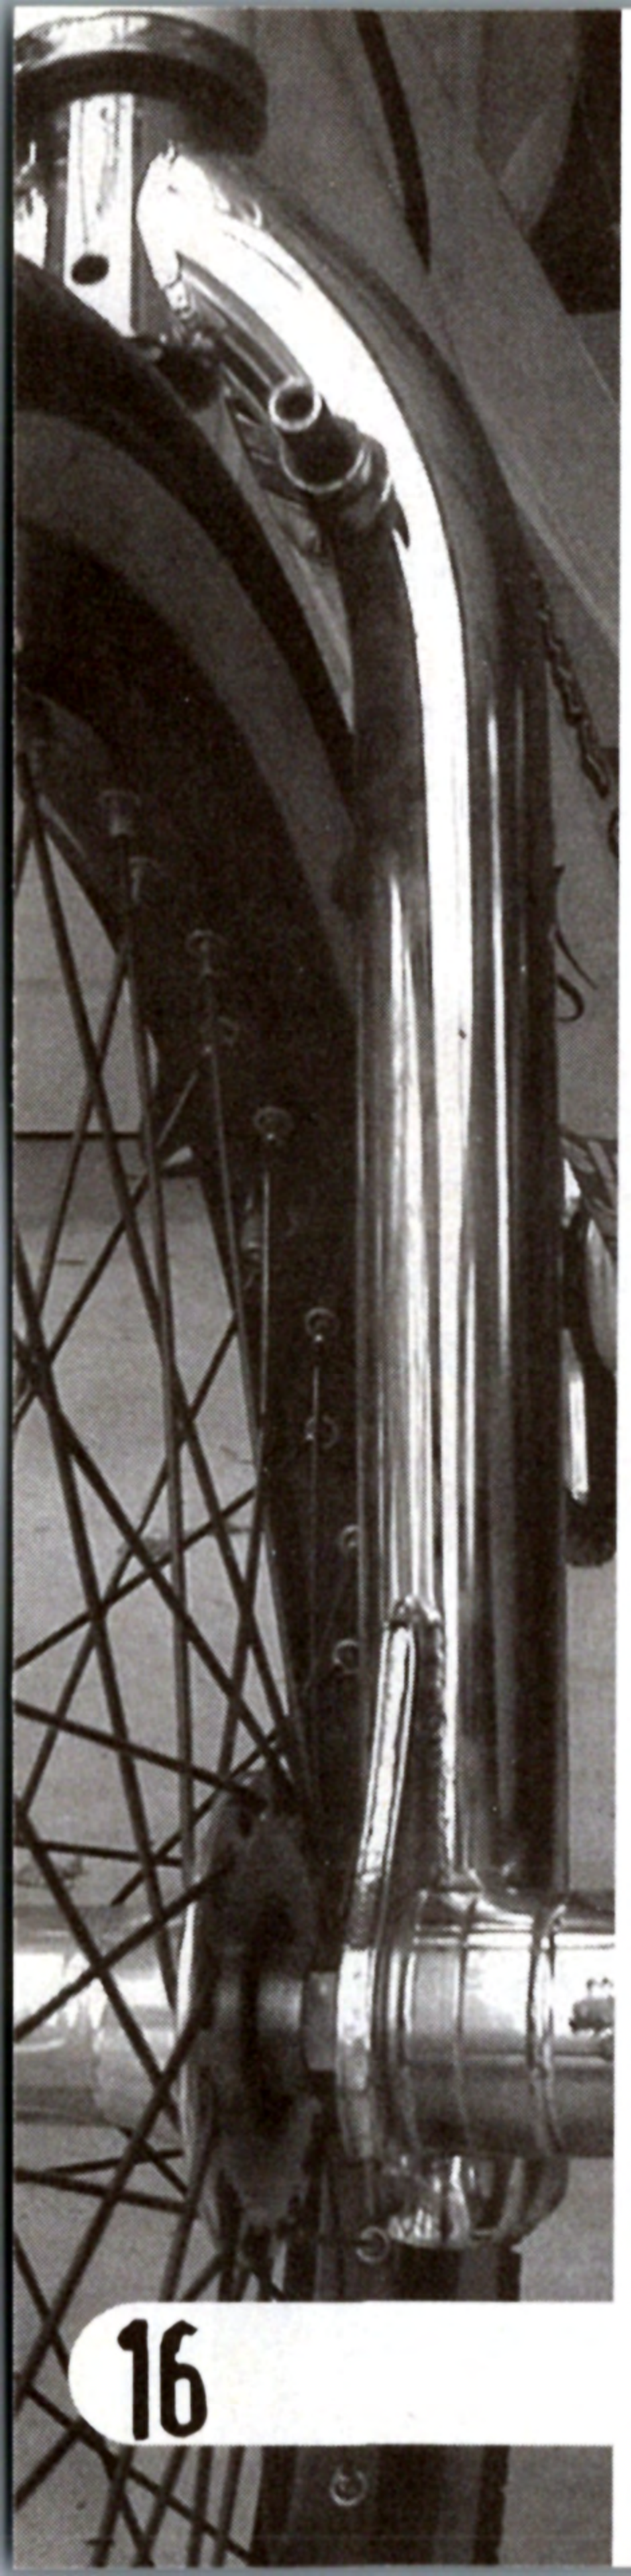
SESSION

In a Session, the timer is ticking and you're free to ride hard on any available level, with no challenges to be met. Total score and measurements are displayed, so any level records can be broken. You won't earn new bikes, sponsors, outfits, cheat codes or levels in Session; this one's just for the joy of the ride!

FREE RIDE

Free Ride gives you a chance to learn a level without worrying about the clock, the score or anything else. No measurements are taken, and no level records can be broken. There's no pressure, but no rewards to earn. Have fun finding your way around and discovering your favorite trick spots.





2-PLAYER

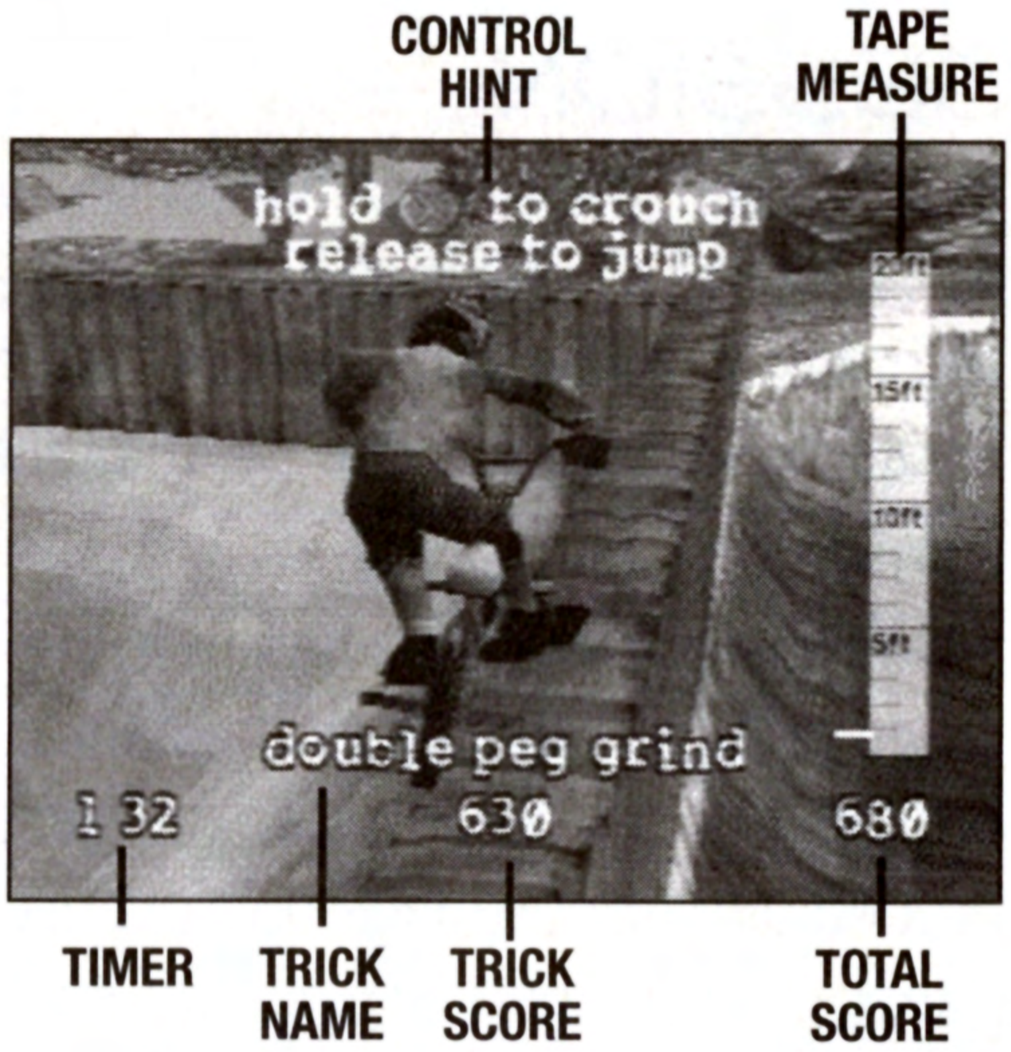
In a 2-Player game, each player takes turns competing in a host of challenges. Player 1 goes first; player 2 then tries to top that performance. Try your hand at a round of B-M-X (the second player has to match the first rider's moves), see who can nail the highest Walltap, and many more. Highlight a 2-Player game mode and press the ⊗ **BUTTON** to view the game challenge. Then get ready to show your bud that you just can't be beat!

THE GAME SCREEN

CONTROL HINT: On screen text gives you control tips (display can be toggled **ON** or **OFF** in the Pause Menu).

CHALLENGES: On screen text tells you what you need to do to ace the course.

TIMER: Each level is timed. You must complete your challenges or beat your competition in the time allotted for that level.



TRICK SCORE: Each time you perform a trick, you get instant on-screen feedback.

TAPE MEASURE: A real-time display of the height or distance of your current trick.

RESULTS SCREEN

At the end of each run, a display appears showing your score, the overall best score to date and these options:

ANOTHER RUN: Resume play on the same course.

SAVE: Save your progress.

VIEW REPLAY: View the last run from a variety of camera angles. You can even pause the action and select the camera angles.

REPLAY CONTROLS:

⊗ **BUTTON** Changes camera view.

□ **BUTTON** Freezes camera and action to view tricks in all their glory.

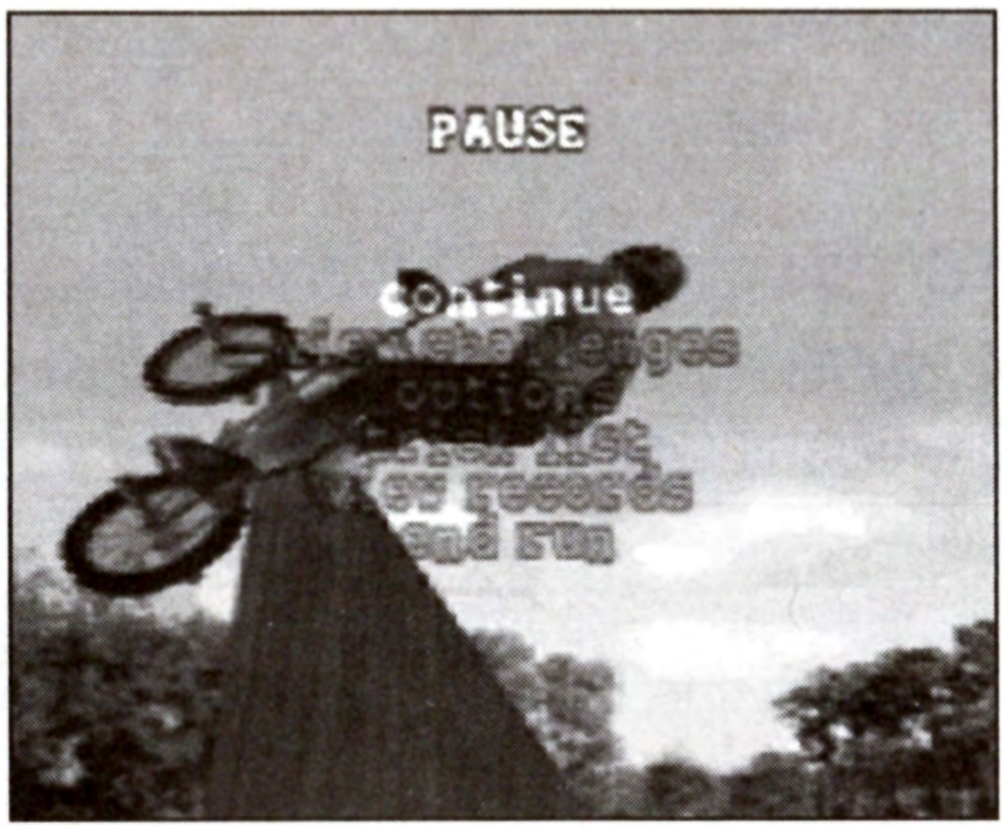
△ **BUTTON** Resets the replay.

○ **BUTTON** Circles camera around the rider.

START BUTTON: exits replay.

PAUSING THE GAME

Press the **START BUTTON** at any time to pause the game and bring up the Pause Menu. You'll have these choices.



CONTINUE: Return to your run where you paused the game.

VIEW CHALLENGES: See what you've done and what still needs doing.

OPTIONS: Adjust option settings.

TRICK LIST: View a list of tricks and their controls, with pulled tricks checked off.

VIEW RECORDS: See who owns the current level's records.

END RUN: Exit the current run.
